

**KGS will train you on
everything one-on-one**

www.kohenoor.tech

The Process

01

Enroll with KGS

02

Learn under care of an
expert mentor

03

Submit assignments to
go to the next level

01

Consult before enrollment to
serve your goal. Our consultant
will help you find the right
course for you.
You can enroll then!

02

Start Learning under care of the expert mentor who goes one-on-one for training you on every bit of what you need

03

Submit assignments and get evaluated to pass to the next level. Remember, what you can practically do is what you know

How mentorship goes?

After connecting to your mentor you will start:

1. Receiving course contents tailored to your needs and the lessons start
2. You take notes and ask the questions live as many times as you want
3. The mentor gives you a short quiz that you will need to pass by scoring 75% marks
4. The mentor will assign you a task related to lesson and you start working on it
5. You submit the completed assignment along with the rough work you did
6. The mentor evaluates and you move on to the next lesson if you succeed or the lesson is repeated for you to help you getting your assignment done perfectly

The Three Essentials

Success Indicators

01

You are able to demonstrate
(Show what you have learnt)

02

Perform what you have learnt
(Submit your assignments in perfection)

03

Problem Solving
(Prove you can perform in critical scenarios)

Key to Succeed

01

Read each point carefully

02

Actively listen each note

03

Ask many questions

04

Apply what you just learnt,
immediately

05

Save the questions you need
answers for, after application

06

Assign yourself scenarios and
perform well by challenging yourself

Always remember your mentor is there!

- It will be fun knowing, he will answer your questions and help you with every task
- When you go solo in real life, he will await you for a meet and greet plus advice
